WHAT'S IT LIKE?

The Osprey trail has been designed as a cross country trail for riders who love a blast and also for riders just starting out on blue grade trails! This trail is open flowing so you won't find any rock drop offs or technical features.

This trail allows progression from Lakeside Way to the more technical Lonesome Pine red grade trail on the other side of Kielder Water.

About ¾ of the trail is suitable for tag-along, follow the signs. The trail finishes on Lakeside Way, be sure to pop in and see the head along the way!
